

Remember Nhu

Ending child sex slavery through prevention

A Life-Changing Adventure: Sponsorship

Remember Nhu's Greatest Need

We are grateful that people often ask how they can get involved. Right now Remember Nhu has unsponsored children who are in need of your help. A monthly sponsorship is what enables us to remove at-risk children from their vulnerable environments and protect them from being sold into the sex trade.

How Sponsorship Changes a Child's Life

When you sponsor a child, you provide for that child's physical, educational, emotional, and spiritual needs. From 24-7 housing to a proper education, you become the reason that a child who would've been in the sex trade can now instead dream of a safe & bright new future. However, this barely touches the surface of how a monthly sponsorship changes a child's life.

Allow us to introduce Sunee, one of our children in Thailand (name has been changed for the child's protection). When we found Sunee, her mother was addicted to drugs and was offering to sell Sunee

for the equivalent of 50 USD. After receiving Sunee into our care, she became sponsored by a family in Oregon. Recently she was given a photograph of her sponsor family and could not stop carrying around the photo to proudly show everyone around her, with the biggest smile on her face. She kept saying, “This is my family!”

All Remember Nhu children were either orphaned or in terrible family situations when they came into our care. When you sign up to sponsor a child, that child literally considers you to be their new family.

How Sponsorship Changes Your Life

When you sponsor a child, it not only changes that child’s life forever; it changes your life too. Here are a few testimonials from the many people who have been impacted by sponsoring a child:

“A few months ago, I received a confirmation email that I was set up to help an eight-year-old boy named Peter from Kenya who—despite being countries from where I am—carries the weight of a similar upbringing as my own. I knew that through Remember Nhu, a small amount of my help could go a long way in making sure he is taken care of and indefinitely Loved. I am so in awe of the way that providing for Peter has completely expanded my heart and filled it with Love in return.” **–Codi Ann Thomsen, California**

“Our whole family has been blessed by our sponsorship of several children through Remember Nhu. This ministry encourages a relationship between sponsors and the children they support, and Jon had the incredible privilege of going to Thailand last year to meet these amazing kids and their caregivers. We are so grateful for the opportunity to partner with Remember Nhu to help rescue kids and journey alongside our sponsored children as they grow up in a loving, healthy home full of hope and freedom.” **–The Dobson Family: Jon, Melanie, Karlyn & Kiki**

“It made me smile to know that because of my gift she had a uniform to be able to attend school, food to eat, a warm bed to sleep in, and most importantly a loving family to embrace and care for her. Who knew that giving up a few cups of coffee a week could make such an impact? Thanks for letting me be a part of your mission!” **–Sponsor Parent from Oregon**
